FYI

Covid-19 Vaccines: Is a 2-step process after 1st shot on day 14, we will have 50% immunity- 2nd shot is given on day 21 and 21 days after 2nd shot, we will have 95% immunity. So, this means restrictions to visitations will continue with 30 minutes appointments limited to 2 visitors and screened in by nursing/ management staff

28th

Happy New Year to all our families from Golden Age Nursing Team. As the new year is here, we are hoping for the best, as the pandemic continues, we are doing are best to keep everyone safe and healthy. We are continuing visitation with families currently. Within the next few weeks, we are going to begin Covid-19 vaccinations on staff and residents. Our hope is to help stop the next wave of sickness from knocking on our door. We will have our first clinic for vaccination on January 16, 2021 and two more will be scheduled as the vaccine process is 2 steps, staff and families that have changed their minds will be able to get the vaccine then also. There is a lot of resources on the CDC website on covid-19 vaccination and question and answers also for those wanting more education on how it works and was developed. The vaccine is a two step process the first dose provides you with some immunity and the second step will provide you with some immunity. Within 7 days after receiving the second dose we should see at least 95% immunity. We however will continue to wear ppe and face mask will be required for everyone. We ask that families continue to call and schedule all visits ahead of time and wear a mask when coming in the doors. Please stay safe and enjoy the new year.

Activity Notes from Korie

I want to start out by saying thank you to everyone who helped make our residents Christmas so wonderful. For all the donations of gifts, cards, pictures, and snacks. It is all very much appreciated.

If you would like to zoom with your loved one please email me at activity@goldenagecarecenter.com so we can set a time for an appointment, also you can call me at 641-856-2757 to make an appointment.

Here is to a new year!
Korie Salladay,
Activity Director
