The first week of August hangs at the very top of summer, the top of the live-long year, like the highest seat of a Ferris wheel when it pauses in its turning." ~ Natalie Babbitt, Tuck Everlasting

Activity notes from Korie:

It's been a fun month here at Golden Age. We've had cookouts, fireworks, water fun and bike night. This month we're having a fair week we're going to have a petting zoo, cookouts, carnival food and games.

August is the eighth month of the year in the Julian and Gregorian calendars. It was named for Augustus Caesar, the grandnephew and adopted son of Roman Emperor Julius Caesar, who is honored with the month of July. Originally, August was the sixth month in the 10-month Roman calendar and did not have 31 days. Legend has it that Augustus wanted his month to have as many days as July. So, it was lengthened by borrowing from February, leaving that month with just 28 days (29 on a leap year).
